Dear Ms. Kump-Mitchell:

Enclosed is the quarterly report for the quarter ending September 30, 2007 as required in paragraphs 91 through 94 of the Corrective Action Abatement Order on Consent, Order No. 99-HW-002 (AOC). The following summarizes the activities completed during the quarter.

Description of Work Completed During the Quarter:

A meeting was held with the MDNR on August 23, 2007 at the Modine Camdenton facility to discuss the path forward after MDNR rejected our demonstration with regard to the work under the floor.

Preparation of a Draft Investigation Work Plan to conduct an additional investigation beneath the floor of the Camdenton facility as agreed to in the August 23 meeting.

Summaries of Findings, Data, Etc.

Nothing new.

Summaries of Problems or Potential Problems and any Corrective Measures Implemented:

No problems were encountered during the quarter.

Projected Work for the Next Reporting Period:

Submittal of the Investigation Work Plan to MDNR for review and approval.

Following MDNR approval - Implementation of the work defined in the Investigation Work Plan. Work includes: direct push probing through the floor of the facility in select areas, collection of soil samples, and collection of perched groundwater samples(if water accumulates within the open probe holes).

Instances of Non-compliance with the Requirements of the Order:

There were no known instances of non-compliance with the requirements of the Order during the quarter.

If you have any questions on this report, please contact me at (262) 636-1223 or at the letterhead address.

Sincerely,

Gary A. Fahl
Vice President, Environmental, Safety & Security
